

Things are not what they seem.

When first we leave Time's sunny shore,
To chase the shadows o'er Life's sea,
Hope guides our bark—YOUTH plies the oar
And love lends all its witchery;
But soon when Wealth and Fame are past,
And love fades like an idle dream,
The night comes on—we feel at last,
"Things are not what they seem."

Our hopes we trace upon the sand,
Where Disappointment's waters glide,
We look behind, no records stand,
They sank engulf'd beneath the tide;
But still upon the sands we turn,
And trace again the cherished dream,
The wave steals up—at last we learn,
"Things are not what they seem."

Our hearts we bare 'neath Beauty's smile,
In gold oft place our fondest trust,
But do not see them fade the while,
The first to ashes—both to dust.
When these are o'er and Fame dies on,
Nor leaves behind one empty dream,
We sigh o'er hopes we built upon—
"Things are not what they seem."

And yet 'tis strange, we will not heed,
When, clad in sunlight, Life appears,
That Hope alone which e'er can lead
The fainting heart through all its fears,
But wait until the knell of Death
Bids us awake from Life's long dream,
Alas, too late to feel the truth,
"Things are not what they seem."

People do You Hear.

People! do you hear the call,
From the south, like rushing rain,
Coming to the ears of all?
Now for battle arm again.
Foaming surges wash the strand,
As if spirits hovered near,
Who were once our chosen band—
People do you hear?

Lift the soul to deeds sublime,
"Raise the heart and raise the hand,"
Strike! for freedom's chosen clime—
Strike! for your loved land,
Hark! the stirring shout is heard,
Now a thousand spirits near,
Leap to arms at every word,
People do you hear!

Every mound beneath our sky—
Every wave of ocean's bed,
For the living, hath a cry
From the glorious dead.
Echoes start from vales around,
Where they've slept for many a year—
Hills reverberate the sound—
People do you hear!

Voice to voice gives quick reply—
Hearts to hearts responsive beat—
With the drum and battle cry,
Comes the tramp of soldiers' feet,
"Raise the heart and raise the hand,"
'Tis the hour, the foe is near,
Strike! for freedom's chosen land—
People do you hear!

A SCENE IN BROADWAY.—Passing down to our office yesterday morning, says Slamm, of the N. Y. Globe, nearly opposite Niblo's our attention was arrested by the egress from the front door of a neat but plain two story house of an old gentleman, bent and decrepid, borne up on either side by a man, whose vocation it probably was to perform this service. Age, decrepitude and care, were strongly depicted in the lineaments of his face. His assistants seemed charged with the care of keeping alive the flame which appeared flickering for the last time; and were fearful lest a breath of air might as they journeyed their venerable charge slowly along, extinguish the faint light which so delicately lingered in the socket. The old man thus supported was John Jacob Astor, the wealthiest man in this country, whose whole life, eventful and enterprising, has been devoted to accumulating wealth. We moralized as we left the group, that it was a shame to place the happiness of life in gold and silver, for which bread and water is sufficient, and that no man would ever yet be so poor, but he could not procure enough to carry him to his journey's end. The best condition of fortune is that which is neither directly necessitous, nor far from it—with good health and evenness of mind.

THE RED ANT.—The little Red Ant, where he is disposed to make himself familiar, is one of the greatest of all pests that afflict a household. He is always on hand, in the sugar bowl, makes the preserve dish a sort of every-day lounge; and if a choice pie is set away anywhere for an extra occasion, this little fellow is sure to find it out and keep guard there. Several modes are recommended to drive him away. One is to strew sage leaves about the cupboard; another, to use the boughs of cedar instead, and a later one is to guard any particular treasure with common salt. For instance, says the New York Farmer and Mechanic, if a safe or cupboard is to be kept from them, set it from the walls, so as to touch nothing laterally; then place a cup containing salt under each leg, so as to oblige the animals to travel through it. They will not do it.

[Prairie Farmer.]

It is with men as it is with mice, the sleekest of them live by nibbling other people's cheese—not their own.

DR. J. A. NASH

WOULD most respectfully inform the citizens of Attala and the adjoining counties, that he has just received from Cincinnati, Ohio, and will continue to receive, as they are demanded, fresh and genuine Botanic Medicines, many Compounds and mixtures of purely Botanic Medicines that have never before been offered for sale in this country; and for cash will sell to families genuine Medicines cheaper than any Botanic Medicines previously sold in this country, and for a small fee will give out such directions with the medicines as to enable families to manage all ordinary sickness without the calling of a Physician. He will keep constantly on hand cathartic anti-bilious and quinine pills, agree tonic, cordial for diarrhea, compound syrup of sarsaparilla, hepatic liquid, No. 6 emetic tinctures, female bitters, &c. &c.

In confirmation of the efficacy of the above Medicines, when rightly and timely administered, he would remark, that he has administered the above Medicines to upwards of two hundred patients within the last twelve months, without the loss of but one single patient, where he attended from first to last.

It affords me pleasure unspeakable to console myself with the idea that the success that has attended my former practice bespeaks a glorious and successful future for
J. A. NASH.

DR. GORDON'S

VEGETABLE ANTI-BILIOUS FAMILY PILLS, For the cure of Bilious Fever, Yellow Fever, Remittent and Intermittent Fevers, Inflammation, Nervous and Putrid Fever, Pain in the Head, Side, Back and Stomach, Inflammation of the Brain, Stomach, Lungs, Liver, Kidneys, Throat and Chest, Dropsy, Scrophula, Syphilis, Sick Headache, Rheumatism, Cholera, Dyspepsia, Hysteria, Low Spirits, &c.

DR. GORDON'S PILLS are truly the sick man's friend. No Traveller or Family should be without them. Their timely administration will prevent much pain and suffering, and save many valuable lives.

These Pills were compounded by Dr. Gordon after years of study and careful observation upon the nature of the different medicines, and the effect which they produce upon different constitutions in various forms of disease. They have been extensively used by some of our most eminent Physicians, and by many private families for several years; and such has been the satisfaction which they have given, that it is firmly believed that the vegetable kingdom does not furnish any materials for a purgative medicine, which surpasses for general use, those of which these pills are composed. They do not contain Calomel, Mercury or any mineral preparation; but are composed entirely of concentrated vegetable extracts, carefully prepared and so combined as to be Certain, Safe, and Easy in their operation—should it be otherwise, the stomach and bowels contain foul and acrid bilious matter—showing great necessity for purgative medicine.

These Pills do not require particular attention to diet or drink; and may be taken at all times when most convenient without the fear of increased liability to take cold.

It is asserted by many that Fevers, and in fact all diseases, are caused by an impure state of the Blood. The impurities which usually pass off by the bowels and various other outlets, being retained in the blood, renders it unfit for the nourishment and support of the different parts of the body. This produces disease—and that part of the system which is weakest is most easily affected.

The Bowels being the principal channel through which a great portion of the impurities of the system are discharged, it is evident that whatever acts beneficially on them must be conducive to health. And as the Bowels are the most effectual, and in fact, almost the only way by which a general impression can be made upon the system, it is perfectly reasonable to suppose, that nearly all diseases will be cured, or at least, much benefited by a judicious use of purgative medicines. If a physician is called to a patient, what is the first thing done? He prescribes a dose or two of purgative medicines; and then, after a day or two, if the patient is no better, he gives him another dose of purgative medicine, and so on doing some other little things—but the main reliance for a cure is upon the effect produced by purgative medicines. Therefore if you are sick, delay not, but take a few doses of Dr. Gordon's Vegetable Family Pills, and be again restored to health. For sale by

PETERS PILLS.

If there was ever a medicine that merited the public praise for the good it has done in relieving the sick and the distressed, it certainly must be Peters' Vegetable Pills: it would take a volume to contain all the complimentary evidence in their favor. Those who have once tried these pills know how to appreciate their good qualities. To those who know nothing of their excellence as a medicine the proprietor would submit the following letters and certificates:—

TESTIMONIALS OF CURES.

Had there been but space sufficient, the proprietor might insert hundreds of letters under this head, but as it is, he can only find room for a few of the shortest.

ALBANY, N. Y., Jan. 1, 1838. Sir—I take much pleasure in bearing testimony to the efficacy of your pills in removing bile from the stomach, and in all complaints emanating from that source. Yours, respectfully, GEO. HULL, M. D.

Dear Sir—I have made a frequent use of your pills in the incipient stage of Bilious Fevers and obstinate constipation of the bowels, also in the enlargement of the Spleen, Chronic Diseases of the Liver, Headache, General Debility, and in all cases have found them to be very effective. J. D. BOYD, M. D.

MECKLENBURG CO., Va., Feb. 7, 1837. Having used Dr. Peters' Pills in my practice for the last twelve months, I take pleasure in giving my testimony of their good effects in cases of Dyspepsia, Sick Headache, Bilious Fevers, and other diseases produced by inactivity of the liver. They are a peculiarly mild, yet efficient purgative medicine, and produce little, if any, griping or nausea. I have prescribed them with much success in sick headaches and slight bilious fevers.

Extract of a letter by Dr. Joseph Williams, of Burlington, Vt., July 10, 1837. "I cordially recommend Peters' Pills as a mildly effective and in no case dangerous family medicine. They are peculiarly influential in costiveness and all the usual diseases of the digestive organs."

DR. TYLER'S

VEGETABLE FEVER AND AGUE PILLS. THE GREATEST REMEDY.

A certain, safe and effectual cure for Ague and Fever, in all its varied forms. Also, an excellent Tonic in Dyspepsia, Palpitation of the Heart, Loss of Appetite, Neuralgia, Nervous and other diseases which arise from a weak and debilitated condition of the system.

The success of these pills in curing in a few hours, where all other remedies have failed, and that too, in cases of twelve and eighteen months' standing, warrants the assertion that, if taken according to the directions, they are a certain cure. A long list of certificates in proof of their infallibility might be added, but those upon the directions are deemed sufficient. Try them and be convinced that they are the most effectual and most certain, and the very best remedy ever offered to the public, to insure a permanent and lasting cure.

BALTIMORE, Dec. 12, 1845.

Having for several years past suffered under repeated attacks of chills and fever, especially during the fall and spring months, I was induced to try various remedies, but nothing seemed to be effectual, until I tried Dr. Tyler's ague and fever pills, which stopped the chills before I had taken half the box. This was over a year since, and I have remained perfectly free from any symptoms of a return to this most loathsome disease.

GEO. M. WAIT.

BALTIMORE, Dec. 15, 1845.

Dr. G. K. Tyler:—Dear sir: It is with great pleasure that I announce to you a perfect restoration of my health by the use of your invaluable pills. I had been suffering from Chills and Fever for eighteen or twenty months, during which time I took five bottles of Rowand's Tonic Mixture, Dr. Sherman's Fever and Ague Lozenges, Dr. Love's Vegetable Elixir, Keener's Powders, Barks, Quinine, Thompsonian Medicines, Arsenic, Herbs, and in fact almost all the popular remedies I could hear of; and yet received no lasting benefit. The chills were stopped by Quinine and other things, but after a few days or weeks they would return again as bad or worse than before. Towards the last, the chills came only every third day, and these were followed by fever of such severity as to affect my reason, and it was found necessary for some one to watch with me until the paroxysm passed off. At last I procured a box of your pills, and only took four of them; this so completely stopped the chills, that I have never had a return of them up to this time, (nearly two years), and near a year of this time was passed in the same place where I first caught the disease.

That my case is not one cured by chance, is proven from the fact that four pills out of the same box cured Capt. Reuben Banks, so effectually that he has never had the disease since, whereas before he often suffered from it. Two other persons were also cured by the contents of this same box, and they neither of them have had a return of it, although they both reside where they are exposed every season.

I know several others who have been cured by your pills, but it is unnecessary to detail their cases. The best certificate of their efficiency in Chills and Fever, will be a few doses, and if they are as beneficial to others as they have been to me, they may be truly called a public blessing.

I am with much respect, your obedt servant, HENRY BRISCOE

SHERMAN'S COUGH LOZENGES.

ARE the safest, most sure and effectual remedy for Coughs, Colds, Consumption, Whooping Cough, Asthma, Tightness of the Lungs or Chest, &c., &c. The proprietor has never known an instance where they did not give perfect satisfaction. Several thousand boxes have been sold within the last year, restoring to health persons in almost every stage of consumption, and those laboring under the most distressing colds and coughs. They do not check and dry up the cough, but render it easy, promote expectoration, allay the tickling or irritation, and remove the proximate or exciting cause. They are made from a combination of the most valuable expectorant, or cough medicines, and are undoubtedly superior to everything in use for those complaints. Hundreds upon hundreds of certificates have been offered of their wonderful virtues, from those who have been saved from an untimely grave, and restored to perfect health, by using them.
